		West Bank: 1950	West Bank: 110

Health statistics department in the ministry of health Ramallah oversees the data collection process through its offices in Gaza. Figures updated every 24 hours. These numbers reflect the verified statistics only but does not necessarily reflect all causalities given the fact that many victims remain missing under the rubble

Major Events

- About 70% of the martyrs in Gaza Strip are children, elderly and women.
- On October 26, the Rafah crossing was opened for the sixth day in a row, allowing the entry of 12 trucks containing water, food, and medical supplies. The total number of trucks allowed to enter Gaza Strip is 74 trucks since October 21st. World Health Organization in coordination with the Palestinian Red Crescent Society are facilitating the delivery of medical supplies to major hospitals.
- Israeli Occupation Forces is still banning the entrance of Fuel into the strip. As UNRWA Commissioner-General Philippe Lazzarini said, "without fuel, there will be no humanitarian response, no aid reaching people in need, no electricity for hospitals, no access to clean water, and no availability of bread."
- UNRWA, the largest provider of humanitarian aid in Gaza, has almost exhausted its fuel reserve and has begun to reduce their operations.

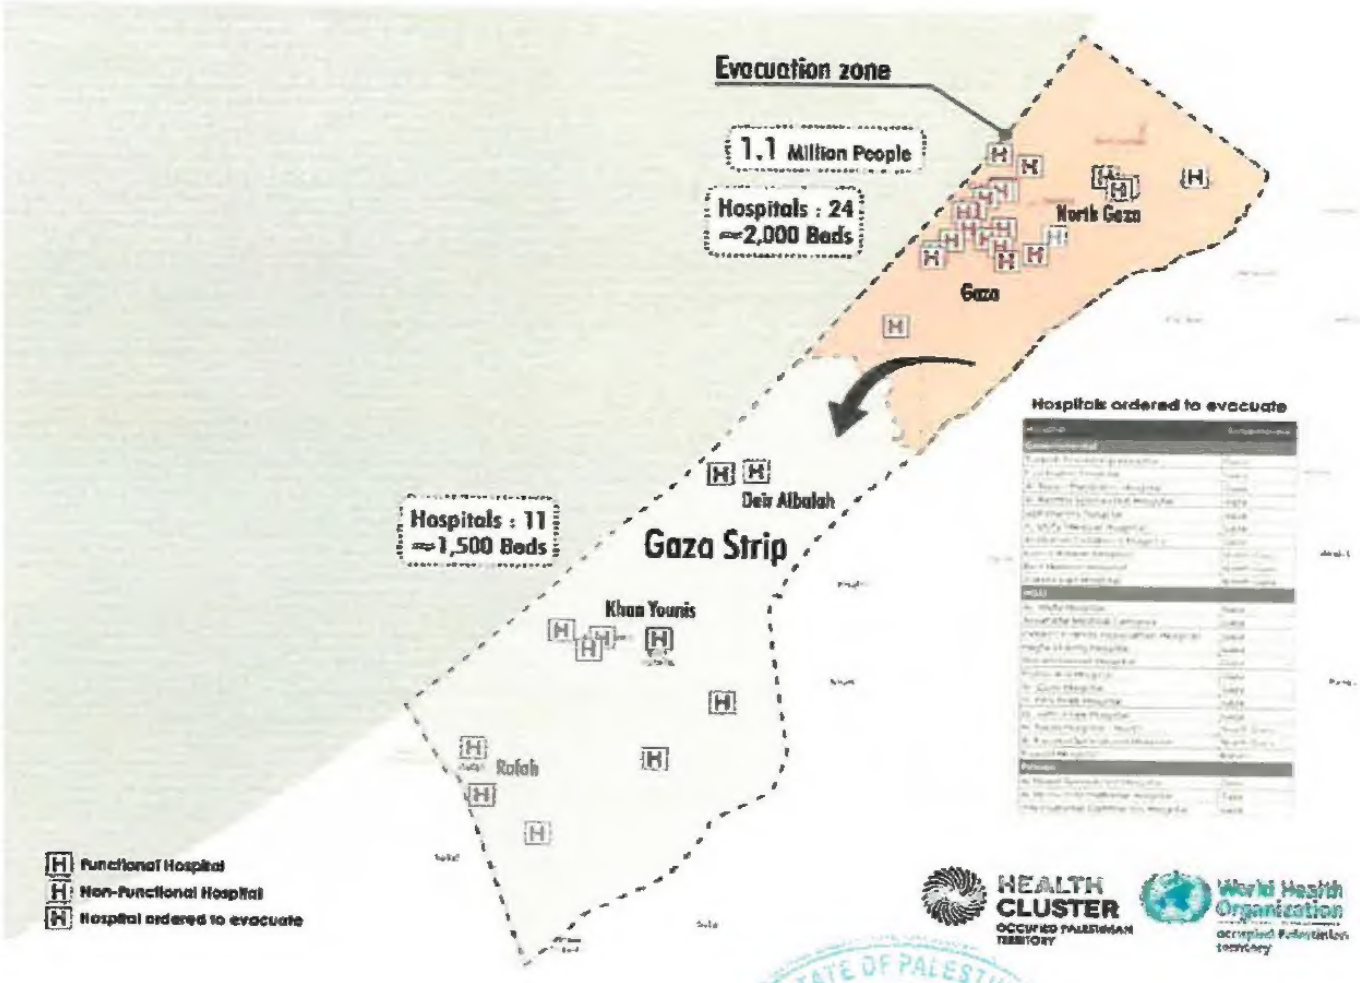
- Non-operational health facilities (due to lack of fuel or bombardment) : 12 hospital and 46 primary health clinic
- Educational Facilities: 219 educational facilities have been hit, including at least 29 UNRWA schools. used as emergency shelters for IDPs, with one of them being directly hit, resulting in at least eight IDPs killed, and40 others injured.



Hospital, Dar Al Salam Hospital, Al-Yaman Al-Saeed Hospital, Psychiatric Hospital, Beit Hanoun Hospital, Al-Durrah Children's Hospital, Hamad Rehabilitation Hospital, Al-Karama Hospital, Al-Wafa Hospital for Medical Rehabilitation and Specialized Surgery),

- 24 hospitals were requested to evacuate in the northern Gaza Strip (containing 2000 beds).

Health System

- • 34% (12/35) of hospitals are not operating, and 65% (46/72) of primary health care centers are closed.
- At least 130 neonate's dependent on incubators, now are at risk of death due to scarce resources and lack of electricity
- According to initial health assessments conducted by UNRWA mobile medical teams, there are more than 37,000 people suffering from non-communicable diseases, more than 4,600 pregnant women and approximately 380 postpartum conditions requiring medical care among the forcibly displaced. In addition, medical teams are increasingly identifying cases of acute respiratory infection and diarrhea among children under five years of age.
- It is estimated that more than 15% of IDPs suffer from various disabilities, and most shelter centers are not adequately equipped to meet their needs. These centers lack mattresses and medical beds, which causes ulcers and other medical problems that cannot be treated and dealt with under these circumstances.
